If you have any comments or suggestions to make

The team welcome any comments or suggestions you have to make.

Do you wish to make a complaint?

If you are unhappy about any aspect of the work of the team, please discuss this with a member of the team in the first instance, who will raise the issue with Team Manager. A copy of NHS complaints procedure leaflet will be made available for you

If your complaint is still not resolved to your satisfaction the

Manager will explain the complaints procedure

What is the Planning and Health Improvement Team ?

The aim of the Planning and Health Improvement team is to improve health and address inequality that impacts on the health of the population of East Dunbartonshire.

The main areas of work undertaken by the Planning and Health Improvement are:

- Delivering health improvement programmes on oral health, youth health, tobacco and public health pharmacy.
- Delivering health improvement services for smoking cessation and community nutrition.
- Addressing inequality in health outcomes, such as targeted health improvement services and programmes in disadvantaged communities.
- Addressing inequality in the factors that influence health such as access to benefits, gender based violence, homelessness, employability and volunteering.
- Developing new health improvements programmes, based on local need. For example, community food initiatives and a youth health drop in.
- Providing leadership for the CHP Healthy Working Lives Award to encourage all staff to be more healthy.
- Working with EDC and other partners, including the voluntary sector, to produce plans such as the ED Joint Health Improvement Plan, the ED Delivering for Children and Young People's Plan and the NHSGGC Equality Scheme.
- Providing support for the CHP's Public Partnership Forum to encourage members of our local communities to become involved with the CHP

Who is the Service Available To ?

People who live and work in East Dunbartonshire

When is the service available?

Monday to Friday 9am – 5pm , evenings and weekends by request

Data Protection

If our staff have to collect information about you, it will be to ensure that you receive the most appropriate health improvement information and support, with decisions based on the most current, complete and accurate information. Everyone working within the organisation has a legal duty to keep information about you confidential.

Sharing Information

You have the right of access to the information we hold about you. A leaflet "Protecting Information About You" gives more details and is available from the CHP

Equality & Diversity

Recent legislation stipulates that NHS Scotland must now promote equality and diversity as part of its core services. As part of our service we are committed to equality. You can be assured that you will be treated as an individual and with respect and dignity. If you would like to find out more on how we are promoting this, please speak to a member of the team or visit www.equalityscot.nhs.uk.
